

Prof. Dr. Ramazan BAYINDIR, completed his undergraduate studies at Gazi University, Electrical Education Dep. in 1992 and received his M.Sc. and Ph.D. degrees from the Institute of Science & Technology, Gazi University in 1998 and in 2002 respectively.

Dr. Ramazan BAYINDIR worked as a Research Assistant, Assistance Professor in Electrical Education Department at Gazi University. He became an Assoc. Prof. in Electrical & Electronics Engineering Dep. at Gazi University. Currently, he is working as a Professor in the same department. His main expertise field include renewable energy sources, microgrids, distributed generation, smart grid applications and industrial automation with programmable logic controller (PLC). He has been a program chair to the annual conference of the International Conference on Renewable Energy Research and Applications (ICRERA 2012-2018), 16th International Power Electronics and Motion Control Conference and Exposition (PEMC 2014) and International Conference on Power Engineering, Energy and Electrical Drives, (POWERENG 2013) conference.

He served as a guest editor for some SCI-indexed reputable journals. He also served as a reviewer for many high ranking scientific journals. Currently he is the editor of Journal of Science and Technology: PART C. He has published journal and conference papers on renewable energy sources, microgrids, distributed generation, smart grid applications and industrial automation. Some of his international (EU) projects are on Transfer of Innovation and Partnership Project Programs in 2007 and 2013.

He has some key qualifications such as education and curriculum design and development on different fields, vocational and technical education, designing, organization and planning the international level projects, educational and vocational training material development. He is a member of IEEE.
